# GOOD AND MAD

THE REVOLUTIONARY POWER  
OF WOMEN'S ANGER

"Every fifty years since the French Revolution, there's been an uprising on behalf of women's rights—we're in the middle of one right now—and each time around a fresh chorus of voices is heard, making the same righteous bid for social and political equality, only with more force and more eloquence than the time before. Among today's strongest voices is the one that belongs to Rebecca Traister. Deeply felt and richly researched, her new book, *Good and Mad*, is one of the best accounts I have read of the combustive anger women feel coming up against their centuries-old subordination. Read it!"

## **Synopsis book**

In the year 2018, it seems as if womens anger has suddenly erupted into the public conversation. But long before Pantsuit Nation, before the Womens March, and before the #MeToo movement, womens anger was not only politically catalytic but politically problematic. The story of female fury and its cultural significance demonstrates the long history of bitter resentment that has enshrouded womens slow rise to political power in America, as well as

the ways that anger is received when it comes from women as opposed to when it comes from men. With eloquence and fervor, Rebecca tracks the history of female anger as political fuel from suffragettes marching on the White House to office workers vacating their buildings after Clarence Thomas was confirmed to the Supreme Court. Here Traister explores womens anger at both men and other women; anger between ideological allies and foes; the varied ways anger is perceived based on its owner; as well as the history of caricaturing and
