Synopsis book

A brilliant and brave investigation by Michael Pollan,
author of five

New York Times

best sellers, into the medical and scientific revolution
taking place around psychedelic drugs--and the
spellbinding story of his own life-changing psychedelic
experiences

When Michael Pollan set out to research how LSD and
psilocybin (the active ingredient in magic mushrooms) are
being used to provide relief to people suffering from
difficult-to-treat conditions such as depression, addiction
and anxiety, he did not intend to write what is undoubtedly
his most personal book. But upon discovering how these
remarkable substances are improving the lives not only of
the mentally ill but also of healthy people coming to grips
with the challenges of everyday life, he decided to explore
the landscape of the mind in the first person as well as the
third. Thus began a singular adventure into the experience
of various altered states of consciousness, along with a
dive deep into both the

Michael Pollan

Author of The Omnivore's Dilemma

A brilliant and brave investigation by Michael Pollan, author of five New York Times best sellers, into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into the experience of various altered states of consciousness, along with a dive deep into both the
