## **Synopsis book**

No day is ordinary in a world where Technology and Magic compete for supremacy. But no matter which force is winning, in the apocalypse, a sword will always work.

Hugh dAmbray, Preceptor of the Iron Dogs, Warlord of the Builder of Towers, served only one man. Now his immortal, nearly omnipotent master has cast him aside. Hugh is a shadow of the warrior he was, but when he learns that the Iron Dogs, soldiers who would follow him anywhere, are being hunted down and murdered, he must make a choice: to fade away or to be the leader he was born to be. Hugh knows he must carve a new place for himself and his people, but they have no money, no shelter, and no food, and the necromancers are coming. Fast.

Elara Harper is a creature who should not exist. Her enemies call her Abomination; her people call her White Lady. Tasked with their protection, she's trapped between the magical heavyweights about to collide and plunge the state of Kentucky into a war that humans have no power to stop.
