## **Synopsis book**

The Instant Pot is one of the hottest cooking tools around these days. With its ability to pressure-cook foods in mere minutes, all in one pot, it is a huge time-saver for busy home cooks. You can even bake a cheesecake in it! A ketogenic diet that eliminates processed foods sometimes require a little more effort in the kitchen, so any time saved is a plus. In this book, international bestselling author Maria Emmerich presents more than 160 delicious low-carb, high-fat keto recipes designed to be cooked in an Instant Pot or other multi-cooker. The recipes run the gamut from appetizers and sides to soups to main dishes to sweet treats and even a few drinks, along with some handy keto basics. As a bonus, Maria also includes slow-cooking instructions (which can be done either in the Instant Pot or in a separate slow cooker) for each recipe for those days when set-it-and-forget-it convenience takes precedence over the need for speed. Recipes include: Pumpkin Coffee Cake Easy Baked Eggs
