Synopsis book

The instant New York Times bestseller! From the author of *Little Leaders: Bold Women in Black History* comes the highly anticipated follow-up, a beautifully illustrated collectible detailing the lives of women creators around the world. Featuring the true stories of 35 women creators, ranging from writers to inventors, artists to scientists, *Little Dreamers: Visionary Women Around the World* inspires as it educates. Readers will meet trailblazing women like Mary Blair, an American modernist painter who had a major influence on how color was used in early animated films, actor/inventor Hedy Lamarr, environmental activist Wangari Maathai, architect Zaha Hadid, filmmaker Maya Deren, and physicist Chien-Shiung Wu. Some names are known, some are not, but all of the women had a lasting effect on the fields they worked in. The charming, information-filled full-color spreads show the Dreamers as both accessible and aspirational so readers know they, too, can grow up to do something amazing.
