Synopsis book

In *Playing the Matrix*, New Thought leader and New York Times best-selling author Mike Dooley shares his most impactful, transformational program for creating major life changes and shaping our futures. Previously only available at live workshops, this information has been delivered in 132 cities, 34 countries, upon 6 continents. For the first time, these complete ideas can be at your fingertips in book form. At the heart of the Matrix lies a simple yet highly unexpected concept for creating major life change, unlike anything shared by other teachers, past or present. It clearly reveals why manifesting sometimes works with incredible ease, why it sometimes doesn't work at all, and why, on occasion, it works and yet in hindsight we wish it hadn't. You'll not only learn about the Bermuda Triangle of Manifesting that too often leads to heartbreak and loss, you'll discover how to navigate around it, under full sail, with new Aha! moments as you come to understand: How to achieve
