13 : 9781911036371

Synopsis book

When I first heard about this Faith No More biography, I didn't know what to think. But I have to give credit where it is due, it's a quality piece. The man has done his research and it shows. It provided me with more than a few revelations and I'm in the band. Bill Gould, Faith No More.

Small Victories: The True Story of Faith No More is the definitive biography of one of the most intriguing bands of the late twentieth century. Written with the participation of the group's key members, it tells how such a heterogeneous group formed, flourished, and fractured, and how Faith No More helped redefine rock, metal and alternative music. The book chronicles the creative and personal tensions that defined and fueled the band, forensically examines the band's beginnings in San Francisco's post-punk wasteland, and charts the factors behind the group's ascent to MTV-era stardom. **Small Victories** strips away the mythology and misinformation behind their misanthropic masterpiece *Angel Dust*,
