Synopsis book

Star Trek Stellar Cartography: The Starfleet Reference Library assembles ten original, never-before-seen large-format maps of the Star Trek universe. Pulled from the cartography archives of Starfleet Academy, these beautifully reproduced maps provide a rare opportunity to view the expanse of Federation space and beyond through the multiple lenses of the Galaxy's key players. The maps include an ancient Vulcan map, a Klingon Empire map from the pre-Organian Peace Treaty era (in the native Klingon), an official Romulan government map of the Empire, a native Cardassian Union map from the Bajor occupation, along with Federation maps from the modern era. Housed in a handsome trifold case and paired with a fully-illustrated star chart book providing detailed information on planets, systems, and topography, this exclusive collection showcases the Star Trek universe like never before.
