Synopsis book

A couple, now separated. Their daughter. Their new partners. One epic Christmas vacation. What could go wrong? This razor-sharp novel puts a darkly comic twist on seasonal favorites like *Love Actually* and *The Holiday*. Meet *The Adults*. Claire and Matt are no longer together but decide that it would be best for their daughter, Scarlett, to have a "normal" family Christmas. They can't agree on whose idea it was to go to the Happy Forest holiday park, or who said they should bring their new partners. But someone did--and it's too late to pull the plug. Claire brings her new boyfriend, Patrick (never Pat), a seemingly sensible, eligible from a distance Ironman in Waiting. Matt brings the new love of his life, Alex, funny, smart, and extremely patient. Scarlett, who is seven, brings her imaginary friend Posey. He's a giant rabbit. Together the five (or six?) of them grit their teeth over Forced Fun Activities, drink a little too much after Scarlett's bedtime, overshare classified secrets
