## **Synopsis book**

From such cult hits as *Raising Arizona* (1987) and *The Big Lebowski* (1998) to major critical darlings *Fargo* (1996), *No Country for Old Men* (2007), and *Inside Llewyn Davis* (2013), Ethan and Joel Coen have cultivated a bleakly comical, instantly recognizable voice in modern American cinema. In *The Coen Brothers: This Book Really Ties the Films Together*, film critic Adam Nayman carefully sifts through their complex cinematic universe in an effort to plot, as he puts it, some Grand Unified Theory of Coen-ness. The book combines critical textbiography, close film analysis, and enlightening interviews with key Coen collaborators with a visual aesthetic that honors the Coens singular mix of darkness and levity. Featuring film stills, beautiful and evocative illustrations, punchy infographics, and hard insight, this book will be the definitive exploration of the Coen brothers oeuvre.
