Synopsis book

I hear myself whispering. Not again. Not again. Why did I ever come back here? Surely because of you. Because I thought of something I'd always meant to tell you. Because you were the only one I ever really wanted to tell it to. Therapist Dr. Mark Fabian is dead, bludgeoned in his office. But that doesn't stop former patient Nadine Raines from talking to him -- in her head. Why did she come back to her hometown after so many years away? Everyone here thinks she's crazy. And she has to admit, they might have good reason to think so. She committed a shockingly violent act when she was sixteen and has never really been able to explain that dark impulse, even to Fabian. Now that Fabian's dead, why is she still trying? Meanwhile, as Detective Henry Peacher investigates Fabian's death, he discovers that shortly before he died Fabian pulled the files of two former patients. One was of Nadine Raines, one of Henry's former high school classmates. Henry still remembers the disturbing attack on
