Synopsis book

Take your cooking skills to the next level while developing a knockout repertoire of 200 essential dishes that satisfy what our modern palates crave, from simple meals to dinner-party centerpieces. We've made improvements to well-loved dishes by incorporating innovative techniques in recipes such as Butter-Basted Rib-Eye Steak and added modern classics such as Vegetable Bibimbap and Olive Oil-Yogurt Bundt Cake. In this book, you'll find the perfect roast chicken and a killer banana bread but also a Turkish-inspired tomato soup, luscious Chinese braised short ribs, and a set of wholesome grain bowls. A chapter on weeknight dinners offers smart paths to great flavor--from Bucatini with Peas, Kale, and Pancetta that cooks in one pot to a pizza that bakes in a skillet--including plenty of vegetarian options. Other chapters turn up the volume on breakfast and dessert standbys; try the 100 Percent Whole-Wheat Pancakes and Brown Sugar Cookies and you may never go back to the regular
