Synopsis book

Over the past 40 years, Tom Stanley and his daughter Sarah Stanley Fallaw have been involved in research examining how self-made, economically successful Americans became that way. Despite the publication of *The Millionaire Next Door*, *The Millionaire Mind*, and others, myths about wealth in American still abound. Government officials, journalists, and many American still tend to confuse income with wealth. A new generation of household financial managers are hearing from so-called experts in personal financial management due to the proliferation of the cottage industry of financial blogs, podcasts, and the like. In many cases, these outlets are simply experiences shared without science, case studies without data based on broader populations. Therefore, the authors decided to take another look at millionaires in the United States to examine what changes could be seen 20 years after the original publication of *The Millionaire Next Door*. In this book the authors highlight how specific
