Synopsis book

From tissue-fitting pioneers Pati Palmer and Marta Alto comes a new book whose title says it all: The Palmer/Pletsch Complete Guide to Fitting: Sew Great Clothes for Every Body! Fit Any Fashion Pattern. Its been 20 years since their last book about fitting and altering sewing patterns, Fit for Real People. For Palmer and Alto, that means 20 more years of hands-on learning and experience from fitting more real people of all shapes and sizes from around the globe. Having long ago dispensed with tedious measuring or making a muslin to check the fit of a sewing pattern, the authors have mastered the process of tissue-fitting. This means simply trying on the patterns tissue pieces to check systematically for where to alter the pattern for a custom fit. The pattern pieces themselves become the muslin. Systematically means following the tissue-fitting sequence theyve developed and refined. Its a no-guess order of fitting that ensures success. The book reinforces this sequence

Having long ago dispensed with tedious measuring or making a muslin to check the fit of a sewing pattern, the authors have mastered the process of tissue-fitting. This means simply "trying on" the pattern's tissue pieces to check systematically for where to alter the pattern for a custom fit. The pattern pieces themselves become the "muslin." "Systematically" means following the tissue-fitting sequence they've developed and refined. It's a no-guess order of fitting that ensures success. The book reinforces this sequence
